Screening beyond UNHS: Working Towards Consensus

Virtual 1 Day Interactive Workshop March 4 2022

Sponsorship Opportunities

GENERAL INFORMATION

9:30 - 5:30pm AEST Friday 4 March 2022

This one-day interactive workshop will focus on the topic of *hearing screening beyond the newborn period*. This includes approaches to childhood hearing screening during infancy, at pre-school and into school-age.

Attendees will participate in interactive facilitated sessions, which will guide the process to reach a consensus on approaches to screening for childhood hearing beyond UNHS in Australasia

AUDIENCE PROFILE

Clinical and non- clinical areas involved in childhood hearing services across private, non- government and government sectors, such as Audiologists, Screening Nurses and other staff, Allied Health Professionals, Program Managers and researchers.

BENEFITS OF SPONSORSHIP

Access to professionals and services working in the screening, diagnostic and habilitation areas in childhood hearing services.

Opportunity to build brand awareness

Showcase new products and services
